CREMATION SIMPLIFIED

# WELCOME TO CREMATION MEMORIALIZATION

We understand the difficult decisions that can come with planning a proper memorial. Cremation is a rapidly emerging preference among consumers and our goal is to help you discover the wonderful ways to create a meaningful and appropriate final tribute. You have a wealth of choices and through our memorial guide, the Steps are as easy as 1-2-3.

STEP **1**

## REFLECT

Reflection of a life lived is the first step in remembering, sharing and honoring those we have lost.

STEP **2**

## GATHER

STEP **3**

## MEMORIALIZE

## *The Importance of Reflection*

Take a moment to remember the things that made your loved one special. Let their interests, hobbies and unique personality be the foundation for a meaningful and memorable final tribute.

STEP **1**

STEP 1

REFLECT

STEP 2

GATHER

Planning a gathering with family and friends is an important aspect of sharing memories and providing comfort during a time of loss. Choose a time, place and setting as unique as the individual.

STEP 3

MEMORIALIZE

## ***The Importance of Gathering***

Services can be held immediately following a death or at any time thereafter - whether it is a traditional service at a funeral home or house of worship, or a more unique setting such as an outdoor environment or favorite leisure spot. The event can be among only close family and friends, or expand to include a public gathering with music and catering.

STEP  
**2**

STEP 1 REFLECT

STEP 2 GATHER

STEP 3

MEMORIALIZE

Creating a memorial or lasting tribute is the final element in honoring the ones we have loved and lost.

### *The Importance of Memorializing*

Whether it is a traditional monument at a family plot, a niche in a cemetery or a beautiful scattering, a meaningful and permanent memorial can provide peace, comfort and a lasting memory.

STEP **3**

**Cemetery Burials** are one of history's time-honored memorial traditions and are completely appropriate with cremation services. Urns that are placed in the ground are typically sealed in a vault that is designed to protect the urn plus support the earth of the grave. The dimension of an urn vault is typically 12x12x12 so it's important to choose a design that can accommodate the space and ground environment.

**A Columbarium** is traditionally located on Cemetery property but is growing in popularity at Churches, Universities, Golf Clubs and other affinity locations. The window of an outside niche can be made of a non-transparent material such as Bronze or Granite, and if located inside a building, made of glass. This allows you the opportunity to visually see your memorial urn and any personal mementos from your loved one.

**Personalization** is such an important part of the memorial process. Until an urn is personalized, it is simply a container. There are several meaningful and appropriate ways in which to memorialize an Urn, Keepsake or Jewelry piece. For urns that can't be directly engraved, a decorative charm can be placed around the lid.

# CREATE BEAUTIFUL PERSONALIZED MEMORIALS WITH JUST A FEW CLICKS

Our new urn personalization portal makes urn engraving quick, easy and error free. Contact your Matthews representative to get set-up with online design credentials.

## Create a Lasting Tribute

---

Memorial personalization allows you to create a customized remembrance that best represents your loved one's interests, hobbies, associations, and personality. Engraving completes any urn for your loved one, making it more personal and unique.

Our new portal makes personalizing urns easy and error free, with an online visual designer. The visual designer takes the guesswork out of urn personalization allowing you to select your font, add text, emblems and clipart.

## Just a Few Simple Steps

---

Simply, select your desired urns and select "Design It." This will then take you to the personalization portal, where you can create your desired design. Choose from engraved text, clip art and bronze appliques to help complete your lasting tribute. You can then share the design with other family members and friends, before submitting the final design.
